QUEM SOMOS

A SürPlast foi fundada em 2015 e exporta para mais de 55 países.

Fabrica seus próprios moldes e produtos e atende o setor Horeca com equipamentos de serviço para food service, hotéis e restaurantes.

A SürPlast Plastik possui três marcas: GastroPlast, GastroCups e GastroCarry. Os produtos dessas três marcas são aprovados pela FDA, testados em laboratório e comprovadamente inofensivos à saúde humana. Além disso, a linha de cubas GN e tampas fabricadas em PC e PP é certificada pela NSF International.

A SürPlast trabalha de forma consistente, no ambiente competitivo global e em seu setor, para aprimorar, renovar e desenvolver seus produtos conforme as necessidades de seus clientes.

GIDA SERVİS EKİPMANLARI

ABOUT US

SürPlast Plastik company was established in 2015 and exports to more than 55 countries.

Molding and production are carried out within the company. SürPlast produces excellent molds, new models and high-quality food service equipment. When molding and manufacturing take place at the same facility, costs are reduced, quality is improved and shorter lead times enable higher competitiveness. Surplast Plastik Company has three brands, GastroPlast, GastroCups and GastroCarry. These three brands has the FDA approved food contact products, have been fully lab-tested and confirmed to be harmless to human health. Besides, the GN containers and lids manufactured with PC and PP raw materials are certified by NSF International.

SürPlast is actively engaged with requirements of its customers to improve, innovate and develop products according to their needs, ensuring a consistent presence in the industry under fierce competition in a global world.

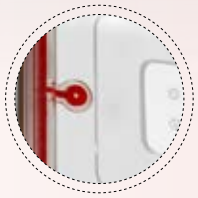
Ventilation hole provides tight closing, exhales moist

Furo de ventilação
Fechamento firme, facilita a saída do vapor.



- **Silicon Sealed lids perfectly prevents leakage, Keeps Foods Fresh**
- **Red ones for hot meals, blue ones for cold servings**
- **Flexible part of lid perfectly grips stainless steel containers**
- **Very flexable solution for food carry boxes**
-
- As tampas com vedação de silicone evitam vazamentos e mantêm os alimentos frescos.
- Tampas vermelhas para alimentos quentes; azuis para alimentos frios.
- A parte flexível da tampa se prende perfeitamente à cuba inox.
- Solução muito versátil para unidades de transporte de alimentos.

Product Description

- Made Of Health Safe Material PP
- 30-60-120 cc/ 1-2-4 Oz
- Microwave Safe Without Lid
- Easily Stackable, Detachable
- Perfectly Useful For Take-Out
- Sealed Lid Prevents Leakage

Características do Produto

· Fabricado em PP Próprio p/ Alimentos,
· Capacidade 30-60-120 cc
· Vai ao Micro-ondas sem Tampa,
· Fácil de Empilhar / Desempilhar
· Ideal para Delivery
· Tampa Especial Evita Vazamentos

WHY POLYCARBONATE?

Polycarbonate is a superior quality plastic material with high impact strength, toughness, heat resistance and excellent dimensional colour stability.
Polycarbonate is safe, light, durable and meets the EC directive 2002/72 for food contact approved plastics.
Polycarbonate glassware is safe for children as it will not shatter or splinter. Polycarboante glassware is stain resistant, vitually unbreakable, dishwasher safe, 100% recyclable, available in a wide range of colours and patterns, and is yout greener glassware solution.
Polycarbonate glassware helps reduce your carbon foortprint and save you money; 100% recyclable, made in the TURKEY, lower replacement costs and less waste. Polycarbonate glassware can play an important role in your carbon management programme.

WHY POLYCARBONATE?

Polycarbonate is a superior quality plastic material with high impact strength, toughness, heat resistance and excellent dimensional colour stability.

Polycarbonate is safe, light, durable and meets the EC directive 2002/72 for food contact approved plastics.

Polycarbonate tableware is safe for children as it will not shatter or splinter. Melamine may shatter into sharp pieces and become a health and safety hazard. When melamine chips it will become unhygenic as food and bacteris etc. can seep into the porous material through the chip and will be harboured in the product..

Polycarboante tableware is stain resistant, vitually unbreakable, dishwasher safe, 100% recyclable, available in a wide range of colours and patterns, and is yout greener tableware solution.

Polycarbonate tableware helps reduce your carbon foortprint and save you money; 100% recyclable, made in the TURKEY, lower replacement costs and less waste.

Polycarbonate tableware can play an important role in your carbon management programme.
